Responsibilities of Management for the Enrollment Statements

Auditor's Responsibilities for the Audit of he Enrollment Statements

Our objectives are to obtain reasonable assurance about whether the enrollment statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an audisoreport that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they widd influence thd 11.04 -0 0 11.74f, m(d)-2.4 ()6(a)-5.6 (g Tm [(t)1-5)]
