

# Internet

## Blogging for Beginners

Creating blog posts is an excellent way to share your passion, showcase expertise or create an online presence. You will learn the steps to starting, creating content for and maintaining your blog. Different platforms, social media and marketing techniques will be discussed.

NOTE: This is a personal blog class, not a business focus.

LIVE Online, Zoom	Ord	AREA-1410-TCUWA	

## One-on-One Social Media Training

This learning opportunity is designed for the person who wants one-on-one instruction for how to use social media to meet their needs. Subject-matter experts will work with you at a learning pace in which you are comfortable. Instruction is available for beginning users as well as those who have developed specific questions and want to dive deeper into Facebook®, Pinterest, Twitter, etc.

Registration gives you up to one hour of personalized attention on topics that meet your specific need. After registration, a college representative will contact you to help develop your individualized training plan.

AI has taken the world by storm. Artificial Intelligence is something that allows computers to mimic human behaviors. We have actually been using AI all along and just didn't know it. If you use your phone or camera, then you are using AI. We will look closely at ChatGPT, Bard and Bing to discover how they work and what the future of these cutting-edge tools can do to empower your daily life.
